

## **ATTENTION OECTA KINDERGARTEN TEACHERS**

Kindergarten teachers who may be delivering the Early Learning Kindergarten Program (ELKP) in September, 2010, should note that OECTA is planning a two-day symposium on ELKP.

The event will focus on the curriculum as well as roles and responsibilities of teachers.

This event will take place in the latter part of May 2010, following release of the ELKP curriculum. More information, including the conference date, details and program will be circulated as soon as plans are confirmed.

Further information will be provided to unit presidents shortly.
